THREE LEATHER WORKSHOPS

INSTRUCTED BY JIM LINNELL

JULY 27 & 28, 2026

SWIVEL KNIFE FINESSE

The most challenging tool for most leather workers to master is the swivel knife. This workshop hits all of the important points of making a swivel knife work at its best. Included will be exercises for improving skill, free hand scroll decorations, as well as designs to challenge the experienced.

Once all of the habits of swivel knife use are discussed and some of the bad habits are corrected, Jim Linnell will have participants create a design with their swivel knife alone similar to the one pictured at left.

July 27 | 9 AM TO NOON | Fee: \$85

SETTING STONES IN LEATHER

Want to learn how to inlay real stones into leather? Think of the applications like belts, bags, tack, jewelry and more. Participants will learn the techniques as they set a semi-precious stone into leather.

Students have used these techniques to increase the value and uniqueness of their work. You will be surprised at how easy it is.

July 27 | 1 TO 5 PM | Fee: \$85

BEGINNING FLORAL CARVING

Every beginner needs to get a foundation of the techniques used in floral carving. Students will learn how to use each of the most important stamps that create a floral design with flow and elegance. Pear shading, beveling, and backgrounding all have a right way to be done, as do the other stamps. Come get these fundamentals under your belt and the world of leather carving will open for you.

July 28 | 9 AM TO 5 PM | Fee: \$175
